

Miller Johnson are trialling working from home tomorrow!

As with most businesses, we are getting prepared for the effects that COVID-19 will have on our business and our capacity to keep working.

Your accountant will be working from home tomorrow, Friday 20 March. All our DDI numbers will be transferred to mobiles so you will be able to keep in touch - please contact our main line number if you need your accountant's direct number or they will of course be available on email.

With warm regards from the team at Miller Johnson Chartered Accountants Limited
